### Description of Complaint:

I got a call from a guy who lives in Chicago Heights who said he used to work at Jupiter Aluminum and now works somewhere close to Aleris/IMCO in Chicago Heights. He said he works the night shift and when he drives to work around 12-12:30 it smells like they are cooking new product and it smells very badly of aluminum. He sees heavy, smoke coming out of the baghouse which he said is a new baghouse but it doesn't work right. When he is at work he can smell the aluminum until about 8 or 9 in the morning. Do you want this or to send it to the state?
